Kawasaki ZX7R Undertail Kit

(1996-03, Available in: Lime Green, Red, Orange, Yellow and Gloss Black)

HOTBODIES RACING RECOMMENDS THAT YOU HAVE A PROFESSIONAL MECHANIC PERFORM THIS INSTALLATION. IF YOU CHOOSE TO "DO-IT-YOURSELF" ALWAYS TAKE APPROPRIATE SAFETY MEASURES WHEN INSTALLING THIS PRODUCT AND USE SAFETY GOGGLES AND LEATHER GLOVES. CAREFULLY READ ALL INSTRUCTIONS BEFORE BEGINNING THE INSTALLATION PROCESS! HOTBODIES RACING WILL NOT REPLACE YOUR STOCK TAIL SECTION FOR ANY REASON, MEASURE TWICE AND DRILL ONCE!

1) Carefully remove the tail section and mud flap. Save all bolts, washers and plastic rivets for re-installation of tail. Disconnect the brake light, license plate and turn signals.

2) Using a "Dremel" tool or cutting disc (this can also be done using a sharp edged knife, but is not recommended), remove the plastic shown in the photo to the above.

3) Re-drill the back 2 mounting positions for the glove box, and re install bolts.

4) *Install license plate brackets to back side of license plate as shown. Now hold license plate in desired location on undertail (under the signals), carefully mark and drill holes, install using the two (2) sets of bolts & nuts.

** After this modification your undertail is not returnable. Paint is not warranted against paint chips, flaking or scratches from installation or rocks being thrown from tire into the tray.*

6) Place undertail in the tail section while off the bike, mark the 4 mounting holes from the undertail onto the tail section, drill holes to accommodate the 4 "pop rivets" included with the kit. Re-install all body work leaving all fasteners loose. Now insert undertail into place, right side first, then left, then using the 4 "pop rivets" insert into body work and undertail tighten, adjust undertail if necessary and re-tighten all stock fasteners, your done.

READ CAREFULLY BEFORE INSTALLATION! This undertail like all undertails has been designed for off road racing use only, and has not been presented for D.O.T. certification! Hotbodies Racing Inc., our distributors, and our dealers will NOT be responsible for the use or misuse of this product. Always check with your local Department of Motor Vehicles before modifying any aspect of your motorcycle.
